

JANUARY 2020 thru DECEMBER 2020
Certificate of Compliance

Part Number: BiospectraEuro

Production Date: 12/14/20

Production Description: EURO (Recycled) Pallets

This is to certify that all lumber used in the Heat Treated pallets for *Biospectra, Bangor, PA* which are appropriately stamped with our heat treatment stamp have been heat treated to a core temperature of 56 degrees Celsius for a minimum of 30 minutes.

The heat treatment was conducted in accordance with the standards established by the ALSC (AMERICAN LUMBER STANDARDS COMMITTEE, and is confirmed by the manufacturer's HT Stamp on each pallet. This treatment meets the regulatory requirements of the International Standards for Phytosanitary Measures, ISPM #15

This is to certify that the Pallets provided to BioSpectra have been inspected and approved for shipment.

Date: 12/14/20
